

Samoset Scouting Unit Instructions 2023

- Coordinate with your Unit to place fliers on every door in your designated neighborhood(s) on **March 25 or April 15 if in the Wisconsin Rapids area**. When planning for your Unit, be reasonable about the number of households that can be covered. Every house that receives a flier, should be tracked to ensure all donations are picked up.
- Pick up food donations on **April 1, or April 22 if in the Wisconsin Rapids area**, from the same homes that you left fliers on the previous week.
- After picking up food donations, head to your designated food pantry to drop them off.
- Record the weight of the food and take pictures and send to robert.jacoby@samoset.org.
- Remember to log your service hours on Scoutbook for both Saturday's.
- Have FUN!

Ensure all donations are picked up. If working as a team, make sure to communicate.

For example, if Packs are dropping off the fliers and Troops are picking up the donations, make sure to communicate so every household wanting to participate will have their donation picked up.
