

National Youth Leadership Training

Training youth leaders in the Boy Scouts is important in helping the individual scout and the unit grow. The Boy Scouts of America has developed an advanced training experience that has proven very valuable in the training of youth leaders.

National Youth Leadership Training (NYLT) is an intensive, week-long camp experience for upper rank Scouts BSA, Venturers and Sea Scouts. Through a wide range of activities, games and adventure, Scouts will work and play together as they put into action the Best Scouting has to offer. Each participant works through a series of challenges with the mentoring of highly skilled youth staff members. Participants are equipped with the basic skills necessary to become leaders in their units. The skills learned at NYLT also carry over into their schools, communities, and future careers.

NYLT is structured to represent a month in the life of a typical Scout unit. Participants will sleep in tents, prepare meals with their Patrols, and are expected to live by the Scout Oath and Law.

A National Youth Leadership Learning Experience

National Youth Leadership Training (NYLT) is an exciting, action-packed program designed to provide youth members of Samoset Council with leadership skills and experience they can use in their home units and in other situations demanding leadership of self and others. NYLT delivers leadership skills through a combination of formal youth to youth presentations and hands-on, experiential learning by modeling a month in the life of a Scouts BSA troop. This is all brought forth with a week-long **Quest For The Meaning of Leadership.**

Wood Badge is an Adult Leadership Training course.
